Shared/GIG Economy

A gig economy is a free market system in which temporary positions are common and organizations hire independent workers for short-term commitments.

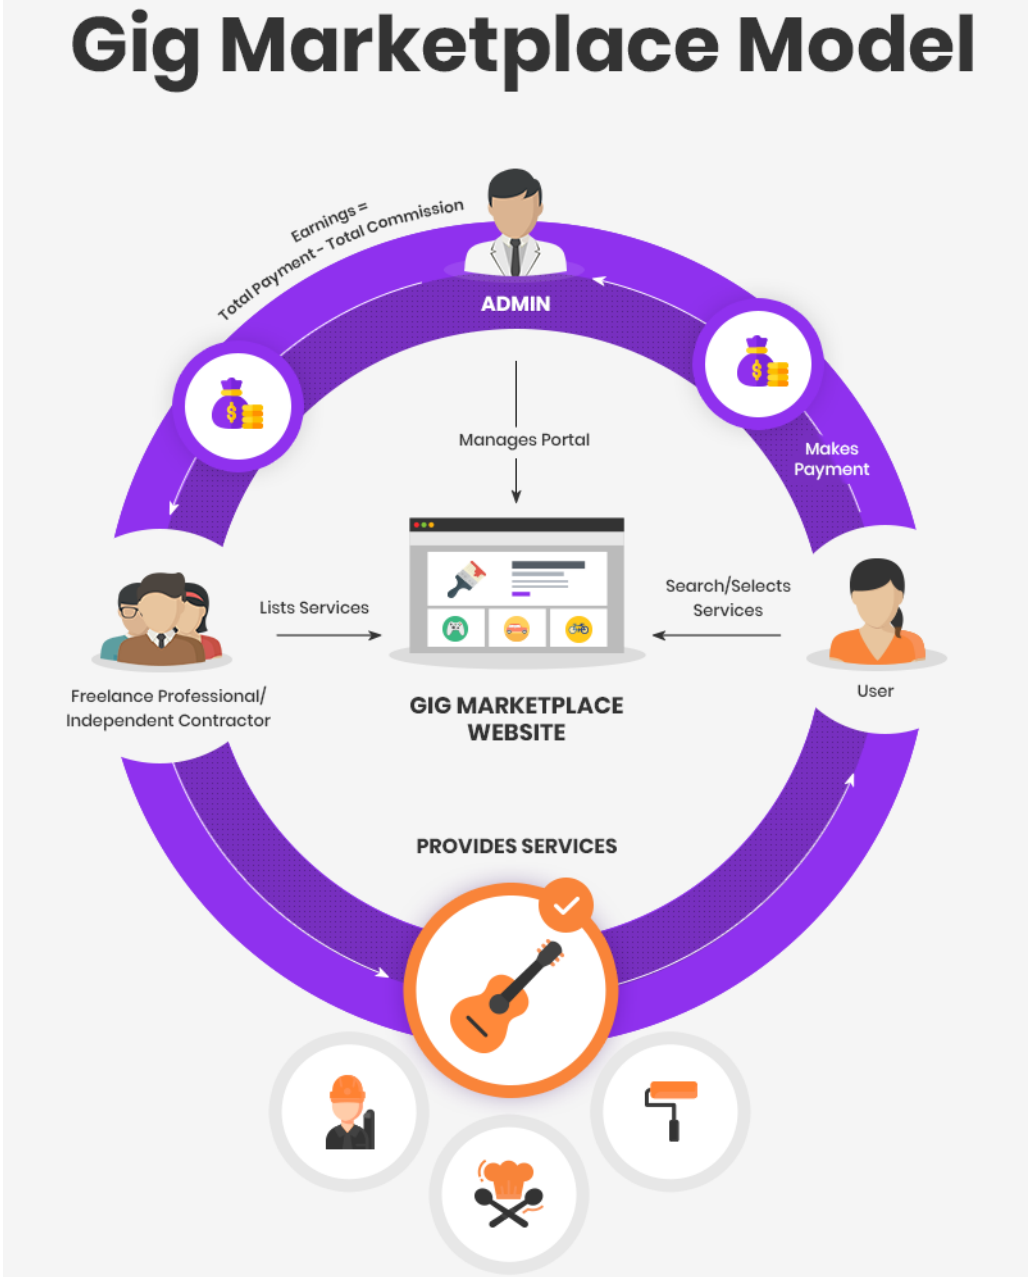

Shared/GIG Platform

Gig economy platforms (gig platforms or gig marketplaces) are online platforms that connect individuals and businesses looking to hire short-term or freelance workers with independent workers seeking project-based opportunities

Shared/GIG Work

1. Identify your skills and interests.
2. Research relevant online platforms.
3. Build a strong profile.
4. Create a portfolio.
5. Start small.
6. Set competitive rates.
7. Deliver high-quality work.
8. Network.
